## For the Groom Who Wants to Stand Out

While some men prefer to stay classic and timeless, many modern men take the opportunity to stand out on their wedding day. This stunning outfit – a Rose Raw Silk Jacquard Smoking Jacket with perfectly paired trousers – is for the brave and the bold. The rich texture and soft rose colour offer a unique and eye catching look equally ideal for a summer outdoor wedding as for a formal ballroom setting.

## For the Modern Groom

Grooms often ask us to create a wedding suit that can also be worn afterward. Here is our answer. In a texture-rich wool and mohair mix in a deep rich Bordeaux – a colour associated with men's formal wear for generations – this stylish iteration is a suit that you will wear over and over again. This look is finished with a black silk Garza tie and a unique asymmetrical vest for a fantastic outfit for the modern groom.

## For the Trend-Setting Groom

More and more men have been moving away from black tuxedos for their weddings. With this unique outfit, we've taken formal wear and turned it on its head. In a rich deep chocolate brown this elegant wool suit is styled with tuxedo details – fabric covered buttons, a velvet cummerbund and bow tie, and a studded shirt. With this ensemble, we hope to inspire the trend-setting groom to explore.

## For the Fashion-Forward Groom

This stunning dark navy and green silk jacquard smoking jacket offers a new inspiration for destination wedding attire. The lighter floral pattern will stand out in the sun, while the green trouser – note the use of the jacket fabric for the waistband – ties the look together beautifully. Be sure to look closely at the white shirt to notice the floral pattern of the jacket reflected in the white fabric.

## For the Classic Groom With a Twist

A classic blue 3 piece suit is one of the most elegant wedding outfits for grooms, standing the test of time. For this look, we've used a beautiful tonal textured fabric by Dormeuil that speaks to an understated luxury. The multi-layered weave adds a subtle, polished sheen that elevates the entire look. And, with the covered buttons and vest, this suit is an excellent alternative to the traditional tuxedo.
